

## Alchemi 200 by Alchemi

*Half the clues contain an extraneous C, which must be removed before solving. Those C's came from the other half of the clues, which need to have a C added before solving. Removals and additions result in real words, but the resultant clues may be slightly bizarre.*

### Across

- 9** With clocks failing to start, man has trouble with method of sending things abroad (7)  
**10** Craft essential to get GP crossing swamp for clover (7)
